

## PUCO Apples to Apples Natural Gas Rate Comparison Chart Duke Energy Ohio

Publication Date: March 06, 2013

The PUCO produces the *Apples to Apples* charts to provide consumers with a snapshot comparison of current natural gas supplier price options and contract terms for individual customers. You may also want to check with your local government to see if your community has grouped together citizens into a buying pool to purchase gas. The PUCO updates the charts on a weekly basis and verifies each supplier offer to ensure accuracy. As with all contracts, consumers should carefully read and understand all terms and conditions before signing any forms or agreeing to enroll with a supplier for natural gas service. For a description of *Apples to Apples* chart-related terms, please refer to **Chart Definitions** that follows the **Supplier Plans, Rates, Terms and Conditions** section.

The PUCO provides the tools you need to calculate your estimated cost. The **Self-Calculation Worksheet** that follows **Chart Definitions** walks you through the steps needed to manually calculate your own estimated cost. You can also visit [www.PUCO.ohio.gov](http://www.PUCO.ohio.gov) and click on the **Apples to Apples** link to access the **Apples to Apples Interactive Calculator** and automatically calculate your estimated costs.

Effective from **March 01, 2013** to **April 01, 2013**

This total rate includes:

A Gas Cost Recovery (GCR) rate of .....	<b>\$0.48000</b> per ccf
A Gross Receipts Tax rate of .....	<b>\$0.02350</b> per ccf on the GCR
Transportation costs of .....	<b>\$0.07730</b> per ccf (gross receipts tax included)

## Chart Definitions

**Ccf:** One hundred cubic feet; a unit used to measure natural gas usage.

**Contract Term:** The length or duration of the contract (i.e. monthly, yearly, multiple-year).

**County Sales Tax:** When natural gas is purchased from a supplier, the natural gas is subject to Ohio sales or use tax. Because county sales tax rates vary throughout Ohio, the county sales tax is not included in the supplier's total rate. Use the attached map to determine your county's sales tax rate.

**Current Offer:** Comprised of suppliers' current commodity options and base rates, exclusive of sales tax, the local utility transportation charge, and customer service charges. Commodity options may be a fixed, variable, or stable rate plan.

**Expected Gas Cost (EGC):** A component of the GCR, the EGC is the price the local utility expects to pay for natural gas in the upcoming GCR rate period. For example, if the GCR rate is filed on a monthly basis, the local utility will calculate the EGC for the following month. Gas costs recoverable through the EGC include the cost of purchasing the gas itself as well as the cost of transporting the gas from the producing region to the local utility's service territory through the interstate pipeline system.

**Fixed Rate Plan:** A constant rate for the contracted period.

**Gas Cost Recovery (GCR) Rate:** A mechanism that provides a dollar-for-dollar recovery of costs incurred by a natural gas utility to purchase natural gas to its system. The GCR mechanism enables the local utility to correct any over or under collections of natural gas costs in previous periods.

**Gross Receipts Tax:** When natural gas is purchased from a local utility, it is not subject to Ohio sales or use tax. The local utility must pay a gross receipts excise tax which is included in the GCR rate charged for the natural gas based on the volume of gas consumed (per Ccf).

**Stable Rate Plan:** A variable rate for a fixed period of time.

**Supplier Name:** PUCO-certified suppliers that are actively enrolling new customers.

**Total Rate:** Comprised of the supplier's natural gas commodity prices, plus the transportation rate charge.

**Transportation Rate Charge:** The transportation rate charge, which can fluctuate quarterly, is comprised of a base rate, Percentage of Income Payment Plan rider, temporary base rate revenue rider, excise tax rider, uncollectible expense rider, Choice program sharing credit; and a competitive retail natural gas service surcredit rider that is applicable only to Choice Customers.

**Variable Rate Plan:** A fluctuating rate within the contracted period.
