Duke Energy Ohio Apples to Apples Chart

Share This Page:

Publication Date: June 5, 2013

The PUCO produces the Apples to Apples charts to provide residential consumers with a snapshot comparison of current natural gas supplier price options and contract terms for individual customers. You may also want to check with your local government to see if your community has grouped together citizens into a buying pool to purchase gas. The PUCO updates the charts on a weekly basis and verifies each supplier offer to ensure accuracy. As with all contracts, consumers should carefully read and understand all terms and conditions before signing any forms or agreeing to enroll with a supplier for natural gas service. For a description of Apples to Apples chart-related terms, please refer to **Chart Definitions**.

Please be advised that if you are currently enrolled in the Percentage of Income Payment Plan (PIPP PLUS), you are not eligible to enroll with or switch to an alternate supplier.

If you are currently enrolled with an alternate supplier, and want to enroll with a different supplier prior to the expiration of your current contract, you may be subject to an Early Termination Fee.

The PUCO provides the tools you need to calculate your estimated cost. The **Self-Calculation Worksheet** that is available on the PDF version of the Apples to Apples Charts, walks you through the steps needed to manually calculate your own estimated cost. Or, you can access the **Apples to Apples Interactive Calculator** to automatically calculate your estimated costs.

Duke Energy Ohio's Rate

Duke Energy Ohio's (Duke) current total rate is \$ **0.6270** per hundred cubic feet (ccf)
Effective from **May 31, 2013** to **June 30, 2013**

This total rate includes:

A Gas Cost Recovery (GCR) rate of	\$ 0.5241 per ccf
A Gross Receipts Tax rate of	\$ 0.0256 per ccf
Transportation Costs of	\$ 0.0773 per ccf

Duke's GCR rate varies each month and provides a dollar-for-dollar recovery of costs incurred by the local utility to purchase natural gas. The GCR rate allows the local utility to correct any over or under collections of natural gas costs from previous periods if the actual cost is different than the estimate.

Contact information for Duke Energy Ohio: 139 East Fourth St., Cincinnati, OH 45201 (800) 544-6900, www.duke-energy.com.

Supplier Plans, Rates, Terms and Descriptions

Listed below are the natural gas plan offers of PUCO-certified suppliers, per Ccf. Published offers are subject to change without prior notice. The Supplier Total Rate, which is the price to compare, includes the **Supplier Base Rate** and the utility's current transportation charge. However, it excludes the applicable state and county sales tax that should be considered if comparing **Supplier Total Rates** to the regulated utility's total rate (includes gas cost, transportation charge and gross receipts tax), currently at **\$ 0.6270 /Ccf**.

As the utility's transportation rate historically changes quarterly, the **Supplier Total Rate** is subject to change post publication; therefore, this information should be used only as a guide. Consumers should verify offers with the supplier before signing a contract. **The PUCO is not responsible for selections you make based on the information contained herein.**
