1. 211

(T)

A. DESCRIPTION

211 is a local telephone exchange communications service that allows local exchange end users to reach the 211 service provider (customer) by dialing an abbreviated telephone number, two-one-one (2-1-1). (T)

211 is an intelligent routing service that determines the central office serving the calling party, converts the 211 dialed digits to a Routing Telephone Number (RTN) and then uses the RTN to complete the call over the public switched network to a call center designated by the 211 customer.

211 is an optional service that may be purchased only by applicant information and referral provider call centers which have been approved by the Ohio Council of Information and Referral Providers (OCIRP) and the 211 Ohio Collaborative (211 Ohio), (collectively, OCIRP/211 Ohio), pursuant to the application process developed by the 211 Ohio Collaborative.

211 is offered subject to the availability of facilities.

Issued: July 21, 2006

Effective: August 21, 2006

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

(T)

B. TERMS AND CONDITIONS

1. A minimum service period of one month applies to this service.
2. Typically there can be only one 211 customer for each stand-alone, host, or remote central office serving area (the "211 service area"). This assures that 211 calls from an end user located within a 211 service area can be routed to a unique 211 call center. Normally, the Company will route calls based on the serving central office. If a central office serves one or more remote central offices or multiple states, the Company will route the 211 calls based on the originating NPA-NXX. The Company will default route calls to one of the customer's RTNs if the Company is unable to route based on the serving central office or originating NPA-NXX.
3. The customer is required, when establishing a call center, to inform all local exchange service providers operating within the 211 service area of the establishment of such a call center.
4. Only calls originating within an operational 211 service area will be routed to a call center. End users dialing 211 outside operational 211 service areas will receive a recorded message that the call cannot be completed as dialed.
5. The 211 customer may designate only one RTN per 211 service area but may designate different RTNs for different 211 service areas as described below. The RTN must be a toll-free, 8YY telephone number for central offices outside of the 211 call center's local service area.
 - If the customer utilizes more than one 211 RTN, it must designate the specific stand-alone, host or remote central offices to be served by each RTN.
 - Normally only one RTN can serve a stand-alone, host or remote central office serving area.
 - 211 calls are not permitted where local calling is restricted (e.g., prisons).

The Company will route 211 calls originating from end users on its local exchange network whether the end users purchase service directly from the Company or from another Local Exchange Carrier (LEC) reselling Company service.

Issued: July 21, 2006

Effective: August 21, 2006

(T)

B. TERMS AND CONDITIONS (cont'd)

- 6. 211 Service is provided solely for the benefit of the customer; the provision of such service shall not be interpreted, construed or regarded as being for the benefit of or creating any obligation toward, or any right of action on behalf of, any third person or other legal entity.
- 7. The Company will make every effort to route 211 calls to the appropriate calling center; however, it will not be held responsible for routing mistakes or errors.
- 8. The 2-1-1 Service per host and/or per system nonrecurring charges are waived for qualifying customers through the earlier of January 12, 2008 or upon the exhaustion of available funds in the Customer Fund by order of the Public Utilities Commission of Ohio in Case No. 99-938-TP-COI, adopted July 12, 2006. As long as funds are available, customers who order and implement 2-1-1 Service prior to January 12, 2008 will receive a waiver of the nonrecurring per host and/or system charges as shown in C.1.1, below. (C)

C. PRICES

The nonrecurring charges associated with the establishment or modification of 211 are specified below.

In addition, the rates and charges for toll-free 800 service (provided by the Company or another service provider) may apply.

1. Service Elements

Description /Billing Code/	Nonrecurring Charge	Monthly Rate
