

As part of the OPSB's rules review process I would like to submit the below entry for the OPSB's review.

<http://dis.puc.state.oh.us/DocumentRecord.aspx?DocID=67786725-2d86-49f0-9db9-89aa26842303>

This entry is one of the major things that needs to be fixed in the approval process of these projects. This "community announcement" lacks any real substantive information. Things that it lacks in my opinion:

- The announcement only gives 15 days notice to the public ahead of the Public Meeting. In my opinion this should be at a minimum of 30 days notice with a reasonable argument that could be made for 45 days.
- The announcement says, "build a windpowered generation facility located in Paulding County, Ohio". Why does it not mention what townships, towns, etc.. will be impacted?
- There is no mention of any of the following:
 - How many Megawatts
 - How many wind turbines
 - How tall the turbines could be
 - A wind developer website where people could go for information
 - The OPSB case file website where people could go for information
 - The OPSB case file #
 - Any kind of map of what is being proposed
 - Project footprint
 - Turbine locations
 - O & M Office location
 - Transmission line location
 - Any real insight to who approves the project, any information regarding the OPSB, or any mention of the OPSB

This **MUST** be fixed in this rules review process. The "announcement" that was in a local paper looks like an ad for some diet pill that everyone probably just would skim over an not even notice. I am not sure if this can be filed as a public comment yet but I would like it to be filed somewhere where people will review it.

Thank You

Chris Aichholz

The Paulding High School Science Olympiad participated in regional competition and qualified for State competition in Columbus.

Paulding Science Olympiad teams advance to State

PAULDING – The Paulding High School and Paulding Middle School Science Olympiad teams participated in the Northwest Regional competition at Bowling Green State University on Saturday, Feb. 29. Both teams qualified for state competition at The Ohio State University in April.

Members of the high school team are: Molly Adams, Isaac Stradley, Jon Claybath, Morgan Dearth, Tince McKelvey, Gillian Porter, Quincy Porter, Sam Adams, Paige Jones, Corya Bennett and Cassia Weiler.

Members of the middle school team are: Joe Esh, Sheridan Marty, Emma McClain, Olivia Porter, Carissa Ross, Wesley Ludwig, Aidan Miller, Luke Beckman, Connor Coats, Emma Porter, Toby Ross, Nico Stahl, Isaac Coats, Ashah Marty and Ty Jackson.

Introducing All-Access Advertising
Print • Online • Mobile

Consumers consistently cite newspaper advertising as the most valuable and preferred media in planning purchases, and it's what continues to exceed all other advertising vehicles. Now more than ever, readers are accessing the news and consumer advertising across multiple platforms. Make sure your advertising message gets heard through a powerful blend of new and conventional media from the print's trusted, local news source, with reach optimizing your efforts on the internet.

Notice of Public Information Meeting for Proposed Utility Facility

Grover Hill Wind, LLC ("Grover Hill"), a wholly-owned subsidiary of Starwood Energy Group, LLC, scheduled a public informational meeting on Thursday, March 19, 2020, to outline plans to build a wind-powered generation facility located in Paulding County, Ohio (the "Grover Hill Project"). The Grover Hill Project will include associated infrastructure such as access roads, and electrical collector system, and an operations and maintenance facility. The wind turbines will generate clean, emissions-free electricity that qualifies as a renewable energy source in Ohio. Construction of the Grover Hill Project is estimated to begin in the first quarter of 2021, resulting in commercial operations in the fourth quarter of 2021. The public is invited to learn about the project schedule, design, construction, and environmental information for the proposed Grover Hill Project at the public information meeting that will take place from 6:00 p.m. on to 8:00 p.m. on Thursday, March 19, 2020, at the Wayne Trace High School Gym, 4915 U.S. 127, Haviland, Ohio 45851. Information addressing the Facility will be available and Company representatives will be available to respond to inquiries.
